(Size: 12.04 MB) Description:
This theme is made to unify all
the icons of the same group, for
example, all internet icons in the
same icon theme. After installing
the theme, the group icons are
unified in the Windows theme
manager. Description: This
package contains the HTML CSS
and icons used by the PrestaShop

GalleryShop template. The main file for this template is 'gallery.css' The 'icons' folder contains the files used in the template. This folder is only used for this template. For a detailed description of the template, please refer to the template documentation. Description:

These 16-bit images were carefully composed, aligned and exported to scale to the size you see in the preview window. Icons come in all different styles and

are sized at 256x256 in most cases. Check out the list of the icons included in this package:

.png Description: This set of 77 icons was designed by Alexander Baklitskiy (bilis), they are all for, for example, light or dark backgrounds. The size of these icons are 128x128 and they are in PNG format. For a detailed description of the icons, please refer to the icons in the package details. **Description:** This Icon set contains all the designs for the

freebie pack by KOA Co. The designs are put in a directory named with the designer's name.

You can install the set by unpacking the zip file and running the install.bat (or install_cpp.bat depending on the selected compiler) in the installation directory.

Description: This package contains the CSS style and 81 icons used by the Easy-Photo Gallery template. The main file for this template is 'easy-

photo.css' The 'icons' folder contains the files used in the template. This folder is only used for this template. For a detailed description of the template, [a69d392a70](#)
